► **Safety. Performance. Durability.**

The **Allstar** Series | Safety. Performance. Durability.

STARCRAFT BUS
a division of Forest River, Inc.

Safety is our primary focus at Starcraft Bus, from the 3,000 lbs. seat-pull test to the rigorous 7-year/200,000 mile Altoona testing, passengers can be assured that the Allstar surpasses the most stringent testing. Bus operators can relax knowing that the fully welded steel cage construction offers the best passenger protection.

Performance is not measured by how fast the bus will go, but rather by passenger comfort. The Allstar features straight side wall construction that maximizes passenger shoulder space and the widest aisle in the industry.

Durability does not come easily or quickly. The Allstar has been time tested for close to a decade. The 33,000-plus Starcraft buses on North America's roads offer a billion reasons why the Allstar has become a favorite, and those reasons are called miles. The Allstar is engineered to accommodate a variety of seating arrangements including wheelchair accessibility and various storage options for luggage.

Starcraft Bus, a division of Forest River, Inc. is owned by Berkshire Hathaway, one of the most respected and secure companies in the industry.

Allstar can also be equipped with optional rear wheelchair accessibility

Allstar Features | Features to Meet Your Specific Needs

Optional high-back seats, upholstery, padded cloth walls and ceiling, and overhead luggage racks

Driver's switch panel conveniently located within view of the road and not on the engine cover
