Commercial C2

Finding the right bus to transport your group is a lot of responsibility. You need something safe, reliable and versatile. The Saf-T-Liner® C2 built by Thomas Built Buses, can be customized to meet your specific needs with unique features like coach-style seating, overhead roof racks, tinted windows and customized rear luggage.

The C2 continues to redefine industry standards, featuring outstanding maneuverability, state-of-the-art driver ergonomics and the most visibility among all Type C buses. It's built with the same commitments to safety and reliability as a school bus, providing long-term durability with all-steel construction. Built to your custom specification. Get the most out of your transportation budget.
